Celebrate Nuptials of Popular Couple

A delightful party to celebrate the recent nuptials of Mr. and Mrs. P. Rovera, popular young couple of the Calpella section, was held at the home of Mr. and Mrs. John Gherlone in Redwood valley, Sunday night.

It is estimated there were over 100 people present, all friends and relatives of the bride and groom. During the evening dancing was enjoyed, and delicious refreshments were served the guests by the host and hostess. Music was furnished by local musicians.

The young people were married at St. Mary's church Sunday morning by Father Carroll and were attended by Mr. and Mrs. Tony Barra of Calpella.

A wedding dinner was given directly after the ceremony at the Gherlone home, at which 50 of their relatives were present.

Mr. and Mrs. Rovera are living at the home of his parents, Mr. and Mrs. G. Rovera, in Calpella. The groom is in business on the ranch with his father. Mrs. Rovera's name was Lily Gherlone before her marriage.

They are being showered with congratulations and good wishes by their many friends.

Coast Resident Found Dead Near Pt. Arena

Jim Haley, a well known resident of the coast section, was found dead in his cabin several miles below Point Arena Tuesday. He had been missing about two days, when his non-appearance in his usual haunts led his neighbors to investigate.

Death was caused by heart trouble.

SHEEP STEALERS ESCAPE

Fred Frasier, who resides on the Low Gap road, notified officers he saw two men shoot down a sheep on the C. W. Bradford range in that vicinity Thursday afternoon of last week. Attracted by the shot Mr. Frasier watched the men run to the dead animal and cut its throat. He called to the pair, who dashed hurriedly to the county road. The next minute Frasier heard a car start and leave the vicinity at a high rate of speed.

The men were too far away for identification and Frasier did not see the car, owing to the heavy brush.

Officers are investigating the affair.

VISIT IN SAN FRANCISCO

Mr. and Mrs. Sam Casini, newlyweds, who have been spending a few days her at their home, left Tuesday afternoon for San Francisco, where they will visit friends for a few days. They expect to return home the first of next week. Mrs. Casini was formerly Mrs. Herman Schmidt.

VISITING IN SAN FRANCISCO

Mrs. K. N. Hengeveld, local business woman, left Monday for San Francisco where she spent this week visiting friends. Mr. Hengeveld expects to go to the metropolis the first of the week to bring his wife home if the weather permits.

James Stitt Dies; Funeral Held Mon.

Was Old-Time Partner of Robert Dollar. Remembered for Many Charities.

Another pioneer passed the first of the week, with the death of James S. Stitt, old-time business man and resident of Ukiah. Death came quietly early Sunday morning at the family home on Dora street.

The funeral was held Monday afternoon from the residence with E. A. Eversole in charge of the arrangements, under the auspices of the Christian Science church.

The deceased was born in Canada, July 12, 1852. He lived for a period of time in Michigan, where he was in the lumber business with Robert Dollar, now famous as a Pacific coast steamship magnate. They and their families moved together to the Pacific coast, and Mr. Stitt came to Ukiah. He was a partner in the grocery firm of Porterfield & Stitt, the store being well known to old-time residents here, and was engaged in the lumber and and wood business and later in real estate.

Had he lived he and his wife would have celebrated their golden wedding anniversary in August of this year.

He is survived by his wife, Mrs. Sarah A. Stitt, and three children, Mrs. Beatrice Harris and Edna Stitt of Oakland, and Mrs. D. C. Smith of Ukiah.

Mr. Stitt was quiet and unassuming in his ways. He was a good citizen in every meaning of the word and his church, his family and his business were his world. His charities were numerous and many a poor family remembers him with gratitude as its benefactor in times of poverty and stress. The full extent of his activities in this regard will never be known, for he was not one to tell of them himself.

The sincerest sympathy is extended the bereaved family in their loss.

Human Bones Uncovered

Considerable excitement was caused on the north coast of Mendocino county last week when workmen engaged in removing a slide from the county road near Juan creek unearthed the bones of two human beings. The deputy coroner at Fort Bragg was immediately notified and took charge of the remains, which are thought to be those of Indians.

The condition of the bones indicated they had been buried many years.

MRS. R. L. CLEVELAND HERE

Mrs. R. L. Cleveland, of San Francisco, spent the early part of this week visiting friends in Ukiah. She is a former resident of this city. Her husband at one time was coroner of the county and passed away here a few years ago. She is at present living in the bay section with her daughter, Mrs. Laura Goodall. She returned home Wednesday.

Will 1932 show a profit?

Dr. N. J. Siberling, before the Agricultural Extension meeting in Berkeley recently, stated that conditions will improve in many lines of business this year, including agriculture. We believe that Mr. Siberling is right, but no matter what happens, regular savers will be the only ones who will be permanently benefitted.

If those who are financially no better off today than they were a year ago will resolve to become regular savers, they will have a profit this year and every year.

Involved in Crash En Route to Ukiah

While en route to Ukiah from Watsonville recently to visit his wife and relatives over the week end, Bill Hocking, brother-in-law of Mr. and Mrs. Harry Hilts, local business people, had a miraculous escape from death while crossing the Carquinez bridge, when an approaching machine driven in a careless manner and at a high rate of speed, crashed into his car, damaging it considerably.

Fortunately the young man escaped with only a few abrasions.

The traffic officer in that section investigated the accident and estimated the car that caused the wreck was traveling at a rate of speed over 60 miles an hour. It was also learned that the driver was the secretary of the Republican committee in Sacramento.

Hocking's car was placed in a garage at Sacramento and brought to this city by Horace Dion and George Vevoda, of the local Chevrolet company, where it will be repaired. Hocking will stay in Ukiah until the car is delivered and will return to his work, accompanied by his wife, shortly after. He is employed by his father, who is the western representative of a large coffee manufacturing concern.

Fire Damges Home of E. L. Cunningham

Damage to the extent of $186 was caused when fire broke out in the home of Mr. and Mrs. E. L. Cunningham at the corner of Pine and Henry streets, Monday afternoon, about 2:00 o'clock. The fire resulted from a defective flue.

Mrs. Cunningham was cooking dinner when the attic and ceiling of the kitchen caught fire from the collapse of a brick chimney.

The fire department was called and due to the quick response of the men and their hard work in extinguishing the fire, the amount of the damage was kept at a low figure. Had they been a few minutes later, disastrous results might have happened, it was said.

Sam Shortridge and Dick Mazzoni were overcome by smoke and led from the building by their comrades.

Men were at work Wednesday repairing the building.

HEARS FROM OLD BUDDY

County Clerk Harry Burke recently received a letter from an old buddy of the Spanish-American war days, whom he had not seen or heard of since both were mustered out in 1899.

His friend is a barber in southern California. On a recent trip here, one of the officials of the state barbers' organization was introduced to Burke. The county clerk asked him if he knew of his buddy and the official after returning to San Francisco examined the organization's records and found that he was in the southern part of the state.

The two got into contact by letter after that.

Telephone Employee Has Narrow Escape

Jack Shields, local employee of the telephone company, suffered a narrow escape from death Sunday evening, when the car in which he was driving from Eureka to Ukiah skidded on a slippery section of the highway five miles north of Laytonville and went over the bank 200 feet into the river.

Shields stated that when he saw he was going over he crouched in the bottom of the car and hung onto the steering post. He estimated the machine turned over five times in its descent.

Shields had been to Eureka to visit his wife over the week end and was on his way home when the accident happened.

The car was pulled back on the highway by Tilford's garage at Laytonville and was later brought here by the Cox-Vevoda Chevrolet company, where it will be repaired in the body and fender department.

Shields escaped with a slightly sprained back and was able to return to his work this week.

Fred and Vernon Rawles were over from Boonville on business the latter part of last week.

Drinking Drivers Must Watch Step

A rigid twenty-four hour campaign will start tomorrow morning by the local traffic department against reckless and drunken driving, Captain Ryder announced Thursday.

Covelo Star Lodge Plans Play Feb. 12

"Sky Train" Cast Selected from Best Talent of Community. Other Covelo Notes.

COVELO, Feb. 1.—An interested cast of a dozen members is working hard on "Sky Train," the play to be presented under direction of a special committee of Augusta Chapter No. 80, O. E. S., at the Round Valley grammar school auditorium on February 12. The play is a melodrama in three acts, full of mysterious thrills and striking scenes.

While the entire cast is entirely amateur, each member is entering into the project with joyous interest. If the public responds with the same enthusiasm, a delightful evening is in prospect. The play is all-star production, no one character being entirely subordinated nor anyone being allowed to carry off all the honors. Mrs. Dorothea Bostic is chairman of the committee presenting the play. Other members of the cast are F. E. Woolley, A. N. Moore, Burke Yates, G. M. Biggar, Austin Gray, Marjorie Rohrbough, Luella C. Biggar, Lyle Clark, Etta Fitzhugh, Grant Winters and J. D. Rohrbough.

Reserved seats may be had for 50 cents; general admission will be 35 cents. The play will be followed by dancing, for which an additional charge of 50 cents a ticket will be made.

The family of Granville Begley gathered from near and far on Sunday, January 31, to celebrate his 76th birthday. The Thomson building on Commercial avenue was secured as a setting for the dinner. Around two long tables the length of the room there gathered 58 guests—relatives and intimate friends of the family. The feast was presided over by Maurice Begley of Santa Rosa. All the sons and daughters and most of the in-laws were among those present. It was a beautiful tribute to an aging father and a glorious gathering for the Begley clan. Adverse weather conditions which prevailed during the day held the banqueters over until Monday morning for their return trips to their various homes in different parts of Mendocino and Sonoma counties.

A sample of the old-time vacquero's fancy-work—hand-woven bridle reins made of rawhide—hangs in the window of the Covelo Meat Market. Placentia Maria (Sandy Seone) is the artist. Wesley Hoxie is an expert silversmith, and George Davis can make hair rope. Who else can practice these almost lost arts? They ought to be revived, along with the Indian basketry.

Panther season is now on. Hugh McCombs has sworn in bounties on two panther, one male and one female, killed near Traveller's Home and Hell Hole. If weather turns warm and bright it will be better lion hunting. Round valley boasts two more Dianas of the chase, Mrs. Hugh McCombs and Mrs. Sadie Stein being in at the death of one of these animals. Mrs. Walter Foster and Mrs. Lloyd Brown also like to follow the hounds. All four of these ladies are good riders and fine shots.

The farm bureau bulletin board is now in place between the drugstore and the postoffice.

Worthy Matron Mae Yates has announced the following schedule of committees to take charge of the social activities of Augusta Chapter, O. E. S., for the current year:

From a recent visit with Miss Adele Montague of Berkeley were learned a few facts concerning a pioneer family of Covelo that will interest many of our readers. The father, H. W. Montague, former postmaster here, is employed on a fruit ranch near San Jose. Ward became ill while on a motor trip across the continent last summer. He stopped at the Mayo sanitorium in Rochester, Minn., for treatment, and is now doing portraits of the owners. He plans to go on to New York for further art work. H. W. Jr., is with the Bannock Power Co. in Montana, and Sterling is in Alaska. Myrtle presides over a charming home in Redding as wife of Attorney Hiram Baker and mother of a peppy two-year-old son. Miss Adele is in the employ of a law firm in Oakland. A recent photograph of her was included by a Berkeley photographer in a compilation he is making of "Twenty typical California women."

Covelo Masons entertained their Willits brethren at a delightful dinner on Tuesday evening of last week, the occasion being the annual installation of officers. Turkey in the oven, F. E. Woolley presiding over the kitchen—you know the rest. G. F. Johnson acted as installing officer, investing the following: A. N. Moore, W. M.; F. E. Woolley, S. W.; E. R. Caldwell, J. W.; W. W. Duncan, Sec.; L. Fitzhugh, Treas.; Austin Gray, S. D.; Burke Yates, Tyler; L. J. Lane, Grant Winters, Stewards; J. D. Rohrbough, Marshal; G. F. Johnson, Trustee.

Funeral services were held at the Baptist church Tuesday, January 26, for Rollo T. Brightenstine, native son of a pioneer Round valley family, who passed away at his home in Healdsburg two days earlier, almost without warning, from a sudden attack of appendicitis. Rev. W. A. Gray conducted the services. The church was filled with sorrowing relatives and friends, who came to pay a farewell tribute to the departed and to express sympathy for the bereaved. Surviving him are a devoted wife and stepson, Glenn Peterfish; his mother, Mrs. Annie Brightenstine of Buck Mountain; five brothers, Johnnie, Harvey, Ivan, Eldon and Frank; and four sisters, Nettie (Mrs. Ciancio of Redwood valley), Mabel (Mrs. A. Burnham of Ukiah), Vira (Mrs. Roy O'Ferrall of Hull's valley), and Daisy (Mrs. W. W. Reed of Covelo). His brothers are all residents here with the exception of Eldon, who is in the navy at San Diego.

COVELO—2

With the hospitable and inviting manse parlors once again the setting and the pastor's wife and mother as gracious hostesses, twenty-five members of the Dorcas Aid missionary group enjoyed another delightful afternoon on Friday last. (Incidentally, a cordial welcome is assured to anyone caring to attend these meetings). Mrs. J. L. Dunlap presided, and interesting talks were given by Mrs. Dunlap, Mrs. Goforth and Mrs. Burby. An intimate touch was added by the fact that Mrs. Goforth's mother was a missionary and her own childhood was spent in the very setting described in the chapter under review in "God and the Census." Mrs. Burnham led the devotional services. Assisting President Myrtle Rohrbough in serving were Mesdames Hemenway, Caldwell, Redwine, Dunlap and Adelaide Rohrbough.

Mr. and Mrs. J. D. Rohrbough entertained charmingly at dinner on Wednesday evening of last week, followed by an hour at bridge. The guests were Dr. J. S. Hogshead, Mr. and Mrs. E. F. Rohrbough, Miss Myrtle Catherine Rohrbough and Mr. and Mrs. G. M. Biggar.

Lyle Clark was in Palo Alto over the week end to welcome his second son, who put in his first appearance on this mundane sphere on Friday, January 29, 1932, a six and one-fourth pound husky.

Miss Mary Montgomery of San Francisco is the guest of her parents, Mr. and Mrs. W. G. Montgomery.

Mrs. Dorothea Bostic spent the week end in the bay region. She spent her time while there in investigating technique and looking up stage settings for the presentation of "The Sky Train," which she is coaching for presentation for the Eastern Star on February 12.

The Joe Hurt family have moved into the Maybert Lovell house on Howard street.

The heart of Round valley welcomed home on Sunday two brand-new citizens. Mr. and Mrs. Walter Winters returned from San Francisco with their new daughter, Artie. Mrs. M. E. Gravier and son, Richard, were due to arrive from Ukiah on the same date. Heirs of three of our oldest families are these, and arousing therefore more than ordinary interest.

Mrs. Ray Harpe ("Pete" Goforth) and family are here from Bieber.

Mr. Ells paid Willits a business visit this week, also spending some time in visiting friends of years gone by, old-timers unable to leave their homes, who love to be remembered. In the midst of a busy life Mr. Ells finds time for such kindnesses as these.

Mr. and Mrs. Thaissen (Vivian Lovell) of San Francisco, are expected as guests at the C. H. Lovell home this week.

Appreciates Service Of Highway Patrolman

(The Lakeport Bee)

Floyd Wilkinson, driver of one of the large Kuppinger gas trucks, who hauls gasoline to Lakeport, Hopland, Ukiah, Willits and other points, expressed his appreciation of the services of Chales Ciancio, of the Mendocino highway patrol, for helping him get his truckload of gasoline over the Willits hill January 12, when the road was so bad, on account of snow, the truck couldn't get traction needed to make the grade. The officer tied on the front of the truck and with the help of his highway car made it possible to get to the top of the hill. Then Officer Ciancio helped to keep the highway clear of traffic until Wilkinson got to the bottom of the grade, as the truck did not have chains and did quite a bit of skidding. Mr. Wilkinson said that, without the aid of the highway officer, he would have had to stay on the hill all night, before he could have received help from his employer. It is acts of this kind that really make people appreciate good officers.

Where *is* this OLD PAPER MONEY?

Hidden away—in sugar bowls, boxes, mattresses, perhaps—is nearly *600 million dollars* in old, large size currency.

It has not passed through the banks, or it would have been replaced by the new, small size paper money, introduced two years ago.

Think of it! Six hundred millions—*missing*. Much of it exposed to fire and theft; all of it idle, earning nothing.

Deposited in your bank, surplus funds go to work—helping to create credit for building homes, industries, payrolls—*earning interest for you.*

Let us urge that you add regularly to your interest-bearing savings account. Or, if you wish to open a new account, we are sure you will appreciate the security and convenience offered by a nearby branch of this statewide Bank.

Aged Pioneer Woman Suffering from a Fall

Mrs. Permelia Ruddock May Not Recover. Other News Notes from Anderson Valley.

BOONVILLE, Feb. 3.—Mrs. Permelia Ruddock, 86, had the misfortune to fall on Wednesday of last week and hurt herself badly. She is seriously ill and very little hope is held for her recovery. Mrs. Ruddock had only partially recovered from a long illness that left her in a weakened condition. All of her daughters have been called home and a nurse is in attendance. Tuesday morning they did not expect her to live until noon and it is understood that two of her daughters, Mrs. Onest and Mrs. Foster, have suffered a collapse and have been confined to their beds for several days. Mrs. Onest has been in poor health for years and Mrs. Foster has been in constant attendance since her mother was first taken ill and is doubtless worn out.

Glenn Gentry with his wife and baby was here recently visiting his father, Sam Gentry, and uncle, Henry Nunn. He returned Sunday to Mare Island, where he is oil salesman.

Mrs. L. N. Campbell has been quite ill with influenza but is now recovering.

Mrs. Catherine Brown, county nurse, accompanied by a representative of the state, gave health talks at the valley schools last week.

A surprise party was given for Mrs. D. H. Van Zandt Saturday evening by a group of friends at her home to help her properly celebrate her birthday. The evening was spent at cards, and dainty refreshments, provided by the ladies, were served at midnight. Besides Mr. and Mrs. D. H. Van Zandt the following shared in the evening's pleasure: Mr. and Mrs. F. B. Cook, Mr. and Mrs. James Peterson, Mr. and Mrs. M. C. Gowan, Mr. and Mrs. Ed Parsons, Mrs. Selma Burkhardt, Mr. Hass, Bennie Van Zandt and the Misses Clora Cook, Helen Nobles, Bernice and Mary Gowan and Elizabeth Burkhardt.

Mr. and Mrs. Joel Reilly entertained Mr. and Mrs. Robert Gleason at dinner Sunday.

Sheriff E. L. Williams and Deputy Sheriff Crawford were seen on the streets of Navarro Friday.

Cards have been received here by friends of Ross Adams from Panama, where his ship, the California State, has made its first port after leaving San Francisco. Ross reports a very pleasant trip so far. They will circle South America before returning to San Francisco.

The advisory committee of the Anderson valley farm center, composed of Don MacKintosh, I. C. Burke, F. A. Rawles, J. L. Bivans, F. B. Cook, W. J. Fowler and H. T. Ornbaun, and Assistant Farm Advisor R. D. Foote met on Monday evening at Camp-Rest-Awhile for dinner. After a delightful dinner the committee set to work on the program for this year to be carried through by the farm center. The result of their deliberations produced a program that is thoroughly workable and not hampered by any useless projects, consideration being given only to such matters as are of vital interest to those served by the activities of the farm center.

Program:

1. Farm center organization—Advisory committee.
   a. Membership campaign.
   b More publicity for center activities.
2. Horticultural improvement—F. B. Cook, T. D. Ruddock, W. F. Clow, Joel Reilly, H. T. Ornbaun.
   a. Pruning demonstration by farm center.
   b. Procuring nursery stock best adapted to this locality.
   c. Fertilization and cover cropping.
   d. Marketing or fruit crop.
3. Livestock improvement—I. C. Burke, McDonald Rawles, W. J. Fowler, C. H. Clow.
   a. Breeding.
   b. Feeding.
   c. Marketing.
4. Road improvement—F. A. Rawles, C. O. Dightman, A. Ferrel, J. T. Farrer.
5. Pest Control
   a. Horticultural—H. T. Ornbaun and C. S. Prather.
   b. Livestock—W. J. Fowler, G. E. Clow and Earl Prather.
6. Organization of 4-H club—(Leader to be chosen at later date).
7. Taxation, law and utilities—I. C. Burke, F. A. Rawles.

Mrs. John Macdonald left for San Francisco Tuesday morning with her brother, Mr. Hathaway. She expects to attend the San Francisco teachers college until the opening of her school on the coast, February 29.

Reverend J. F. Hedgpeth motored to Ukiah Friday, where he was one of the speakers at the northern district conference of the Y. M. C. A.

Chas. Price had to go to San Francisco on account of his lame foot. It was injured some years ago in the woods. Mr. Price is very deserving of compensation from the lumber company, as he has never had good use of his limb since he was hurt.

Mrs. R. H. Rawles is a guest at the V. R. Rawles home this week.

Mrs. E. S. Lemon, Miss Sylvia Harris, Miss Velma Salmela and M. L. Farrer passed Sunday in Ukiah.

Rev. J. F. Hedgpeth, Mrs. Hedgpeth and Mr. and Mrs. J. T. Farrer left Friday morning for Fresno, where Rev. Hedgpeth will be the principal speaker at the Y. M. C. A. fathers' and sons' banquet, a place he also filled last year. The rest of the party will spend the evening with old friends.

Members of the cooking class at the high school are thrilled this week over commencing work in their newly equipped kitchen. The room has been completely improved by a coat of paint in ivory and two shades of green and a range and six plates have been installed and new work cabinets added. The old wood stove has been removed. Twenty-one girls are enrolled in this class. Miss Marion Hendricks is the instructor.

Work on the bridges between Boonville and Cloverdale is now under way. They are being both widened and braced and it is hoped that the six ton limit will be removed.

THOMPSON ACQUITTED

Matt Thompson, resident of Fort Bragg, was acquitted of a manslaughter charge in Eureka last week and is being held on charges of hit and run and drunken driving, according to reports received here.

The charges were placed against Thompson when he ran down Helen Sepic of Eureka. She was six years of age.

P. Navaglia, of Willits, was here Monday evening and Tuesday attending to business. He was a guest of the Cecille hotel.

Valentine Dance Given by Elks

A grand Valentine ball will be given under the auspices of Santa Rosa Lodge, No. 646, B. P. O. E., at the Ukiah grammar school auditorium on Saturday night, February 13.

Excellent music will be furnished by Caldwell and Wright's Russian River Ramblers.

The elaborate decorations will be in keeping with the holiday season.

There will be special favors, hats, balloons, noisemakers and all the usual accompaniments to such festivities.

It is expected that members of the order from the various sections of this and Sonoma counties will be in attendance. The general public is cordially invited.

Local benefactions to the needy by the Elks during the stress of the unemployment period are gratefully remembered and will incline many people to attend the functions.

The local committee on arrangements is efficiently headed by E. A. Eversole.

City of Roses Revives Carnival

Santa Rosa will revive, this year, her annual rose carnival for which the Sonoma metropolis has been famed for a number of years past.

Announcement of plans for the restoration of this interesting north bay fete was made recently through the Redwood Empire Association, which has offered to co-operate with the Santa Rosa chamber of commerce and the carnival committee to labor for the success of the event.

Definite dates for the festival have been set for May 5 to 8 inclusive.

This Sonoma celebration has always been largely attended by Mendocino county people.

PERSONAL ITEMS

James Eddie, prominent Potter valley rancher, was transacting business in Ukiah Tuesday.

Mr. and Mrs. Will Witherell, of Boonville, were shopping in this city last Tuesday.

Miscellaneous Shower For Bride Elect

Miss Lucille Moore, who is to become the bride of Henry Colburn of Livermore at a 1:00 o'clock p. m. ceremony at the Federated Methodist church on Valentine's day, with Rev. W. A. Bonner officiating, was complimented at a miscellaneous shower held at her home in Clara avenue Wednesday evening.

Plans and preparations for the interesting affair were made by Mrs. Martha Toles and Mrs. Mae Beckley.

The party color scheme of rose and silver was complete in scope, including the gifts, the table decorations and the refreshments.

Miss Moore was the recipient of many lovely presents, consisting of rose tinted glassware, silver candlesticks and various other useful and beautiful household articles.

The supper table was suitably adorned with red candles, red hearts, cupids and other emblems of the season.

Refreshments consisting of pink jello with whipped cream and heart-shaped cakes with rose-colored frosting were served.

Those who participated in the pleasure of the pretty party were Mrs. Mae Beckley, Mrs. Martha Toles, Miss Grace Toles, Mrs. W. A. Bonner, Mrs. F. M. Wilson, Mrs. W. K. Jamison, Mrs. Grover Neep, Mrs. L. H. Foster, Mrs. Neil Anker, Mrs. E. H. Haskin, Mrs. M. A. Sloper, Mrs. K. C. Eversole, Mrs. Archie Ritchie, Mrs. Ewart Mitchell, Mrs. Leila Williams, Mrs. Anna Norris, Mrs. Sarah Frances Ryder, Mrs. Laura Shattuck, Miss Ada Blankenship and Miss Lucille Moore.

Mendocino Youth Sails for Orient

James Vessar, son of Mrs. Fred Redemeyer of Laytonville and grandson of Mrs. Charles Ward of Ukiah, sailed on the U. S. Grant for the Orient last Monday. His ship was scheduled to call at Yokahama and then proceed to Shanghai, thus coming into the zone of hostilities in the Sino-Japanese struggle.

Mother and Daughter Banquet Tonight

The mother and daughter banquet of the Ukiah W. C. T. U. will be held in the social hall of the Methodist church at 6:30 p. m. this evening with Mrs. Gertrude Houdeshell presiding.

The dinner will be immediately preceded by an interesting and impressive candle service.

The mothers' candles will blaze with the light of life's experiences and with the torches of learning gained by living, they will light the candles of their daughters and thus pass on to future generations the flame of civilization.

After the dinner a short program will be presented.

The recent regional conference at Sacramento sends out a message of cheer and hope that the constitutional amendment will be maintained and more effectually enforced.

The noted financier, Roger W. Babson says, "There is probably no one factor which would more quickly bring a business panic and a period of unemployment than the nullification by legislation of prohibition and a return to the saloon."

The eminent surgeon, Dr. Charles Mayo says, "It is significant that the upright citizen who takes his cocktail thinks prohibition ought to be observed by his chauffeur, his banker, his railroad engineer and his stenographer."

Local W. C. T. U. leaders point out that the opinion of men of such standing as these is not being swayed by all the modification propaganda.

Saturday Afternoon Club's Guest Day Tomorrow

The Saturday Afternoon Club has issued invitations to the members of the Cultus, Kosmos and Business and Professional Women's clubs of Ukiah to attend the annual guest day meeting which will be held at the clubhouse tomorrow afternoon.

Plans are being perfected for special decorations and a program suitable to the season and a large attendance is expected.

Reports have been circulated among club women that Mrs. Annie Little Barry, president of the California Federation of Women's Clubs, might request club women to refrain from ill advised discussion of the oriental crisis and thus invitingly spread dangerous propaganda.

However, it is said that Mrs. Barry has disclaimed any such intention and states that the Federation department of international relations is an educational section which seeks to study conditions and not to settle them.

Eastern Star Holds Monthly Meeting

Kingsley Chapter, No. 58, O. E. S. held its regular semi-monthly meeting at the Masonic temple, Monday evening, with Worthy Matron Nina Banker presiding.

At the close of the business session, an interesting program was presented which consisted of two artistic dances by Miss Barbara Jean Turner, the talented little grand daughter of Mrs. S. D. Crabbe.

For the first number, the charming little dancer wore a simple little green frock which seemed suited to the stately steps of the "Alt Wein."

The second number was an East India dance known as "Temple Bells," for which the graceful performer was attired in a native costume of dull red with which she wore dangling ear-rings, bells on her hands and feet and a bright colored scarf on her head.

The Valentine motif prevailed throughout the decorations, which were in charge of Mrs. Jessie Brunner.

The supper table was adorned with the holiday symbol of red hearts and was lighted with tall red candles in holders of red crepe paper.

Mrs. A. H. Martin, chairman of the entertainment committee, was ably assisted by Mrs. Stanley Watson, Mrs. May Buckle, Mrs. Harriett Lortz, Mrs. Mary Sanford, W. A. Chessall, and K. C. Eversole.

Knights Templars' Annual Ball

The outstanding social and fraternal event of the month will be the annual ball of Ukiah Commandery, No. 33, Knights Templar, which will be given in the Masonic Temple Monday evening, February 22.

The historic motif will prevail throughout the decorations and the festivities will be held in celebration of the Washington bi-centennial.

William Bromley is chairman of the committee on arrangements and his assistants are Hale McCowen Jr., H. T. Harvey, E. W. Dutton, A. L. Harris, Walter Higgins, Will Van Dyke, and F. P. Savage.

State Theater Plans Popular Programs

Business at the State theater, which recently reverted to the Mann management, is gradually gaining a momentum which augurs seemingly a successful spring season.

The theater as operated by the Mann interests was one of the most popular playhouses in the county and enjoyed a large patronage from residents of this city and neighboring localities. There is a general expression of gratification over the return of the State to its former owners and operators.

B. F. Adams, well and favorably known here as a former manager of the theater, is planning to provide his patrons with the latest and best talking pictures, travelogs, news reels, and animated cartoon obtainable.

As soon as the delays and uncertainties unavoidably attendant upon the change of management can be overcome, the coming attractions will be advertised and reviewed so the sire to attend.

theatergoers can make an intelligent choice of the presentations they de-

The news reels at the State this week have been of special and timely interest. To see and hear Einstein, Dr. Lorenz, Hindenburg, and Hittler gives a vivid mental impression of these world famous personalities that can not be gleaned alone from the printed page.

The mid-week attraction was "Platinum Blonde," a recent release by the Columbia company, which depicts the publisher's craft by means of excellent direction and dialog, comedy and drama.

Robert Williams, the wise cracking, slang slinging star reporter, falls in love with the wealthy platinum blonde society girl, Jean Harlow, but finds his position as the Cinderalla man or the bird in a gilded cage untenable. He eventually returns to his own station in life and to the sob sister, Loretta Young, that he has always loved. It is unfortunate if any of the local newspaper missed this picture.

"Pagan Lady," a Columbia production, is playing last times today with a brilliant galaxy of stars including Evelyn Brent, Conrad Nagel, Charles Bickford, Roland Young, William Farnum, and Lucille Gleason.

The matinee and evening attraciton at the State for Saturday will be "One Man Law," with the featured role enacted by Buck Jones, the screen's star western ace and prime favorite in this rodeo city.

Manager B. F. Adams and family are comfortably and conveniently housed at the Jamison apartments, across the street from the theater.

Ground Breaking At Cloverdale

A Stanford professor speaking before a collegiate body said recently that the location and development of cities are controlled by two factors, namely, roads and the productivity of the hinterland.

Ukiah is favorably situated at the intersection of routes from the coast to the interior of the state and the main north to south highway.

It is the shipping point for large sections of Mendocino and Lake counties.

Wide interest is being manifest throughout the Redwood Empire in the realignment of the Cloverdale-Hopland unit of the Redwood highway, which will eliminate the so-called Cloverdale grade with its numerous steep ascents and sharp turns and at the same time shortening the distance. Ground will be broken for this $900,000 project on Sunday, February 21. The occasion will be marked by a gala celebration, which will be the highlight in the Cloverdale citrus fair to be held February 19 to 22 inclusive.

The new road means so much to Ukiah that her citizens should take an active interest in the construction work and participate enthusiastically in the ground breaking celebration ceremony.

Eastern Relatives At Family Reunion

Perley Martin of St. Maries, Idaho, eldest brother of J. D. Martin of this city, is spending the winter in Ukiah where he is the guest of Mr. and Mrs. Martin at their home on Gibson street.

The brothers have not met for over 26 years or since the great San Francisco earthquake and fire at which time Perley Martin, his mother and sister from Mason City, Idaho, were visiting the J. D. Martins, who were then living in Alameda.

Mr. Martin has travelled 7,000 miles by automobile since leaving home and visited relatives at Mason City, Iowa; Minneapolis, Minnesota; and St. Louis, Missouri.

On coming to this coast, he visited for some time with his brother, Irving Martin, at San Diego.

At Christmas time, he came north to attend a reunion of the J. D. Martin family, held at the home of a daughter, Mrs. E. J. Clark, in San Francisco.

Those present at the Christmas dinner, and the house party which continued for a period of eight days were Mr. and Mrs. E. J. Clark and children, Helen Elizabeth, John, and Eugene Clark, Mrs. Rosalie Hubbard and son, George Hubbard, Walter Timmons and daughter Faith, Mr. and Mrs. Irving Martin, Perley Martin and Mr. and Mrs. J. D. Martin.

During the sojourn of the family in the city many interesting visits were made to relatives and friends in the bay area, to the theaters and parks, and other places of amusement.

Elders Entertain Family Party

Mrs. Winnie Evans of New Sharon, Iowa, a cousin of County Recorder J. R. Elder, spent the week end in Ukiah where she was a guest in the home of Mr. and Mrs. Elder in Scott street.

She was accompanied by her son-in-law and daughter, Mr. and Mrs. Morris Burt, and their son, David, of Lyorth, San Joaquin county, who also visited the Elders from Friday to Sunday.

Mrs. Evans made here first visit to this vicinity in 1895. She was taken on a sight seeing trip to the Montgomery woods. She was so awed and impressed by the beauty and grandeur of the majestic redwoods that she always thought of them as one of the greatest wonders in the world. Her relatives regretted that the stormy weather prevented her from revisiting this beauty spot of Mendocino county.

She was accompanied on a second visit in 1927, by her husband, who has since passed away.

She will remain in California until March, visiting with relatives about the bay and in Pasadena.

Cabinet Constructed For English King

England's master cabinet maker is now constructing a cabinet of specimen woods from every quarter of the globe for King George of England.

Sections of California redwood (sequoia sempervirens) and tan oak (quercus densiflora), cured by a special process developed in Humboldt county, have been sent to San Francisco by Lantz T. Smith, secretary of the Eureka chamber of commerce, to be forwarded to London.

The request for the specimen woods was transmitted through the Redwood Empire Association by Mrs. Charmian London, widow of the noted novelist, Jack London.

The redwoods give distinction to tree life in California as they grow not elsewhere in the known world.

The single section of the rare and beautiful timber sent abroad will glorify the golden west more effectively than reams of printed advertising.

District Attorney Burt Busch, of Lake county, was here Saturday evening to attend the annual dinner of the Mendocino county bar association held at the Palace hotel.

Carpenters Vacationing in Pacific Isles

Mr. and Mrs. M. A. Carpenter, who are spending a delightful vacation in the Hawaiian Islands, write friends and relatives in Ukiah that they thoroughly enjoyed the ocean voyage a third of the way across the broad Pacific.

They report that the climate of the Paradise of the Pacific is warm and wonderfully equable. From day to night and from summer to winter the thermometer varies only a few degrees.

They are convinced that this is the ideal place to relax, rest, and recuperate as the mental and bodily processes slow down to harmonize with the tempo of the languid life in this balmy clime.

This archipelago of twenty volcanic isles, nine of which are inhabited, was discovered by Captain Cook in 1778.

The reign of the native Queen Liliuokalani was ended by a revolution in 1893 and the islands became a territory of the United States in April, 1900.

The region is filled with the craters of extinct volcanoes, Heleakala on Maui, being the largest in the world. The two active volcanoes, Kilauea and Mauna Loa, are located on Hawaii. The Carpenters write entertainingly of a recent week end visit to this island and pronounce the volcanoes the most wonderful sight imaginable.

Eroded lava is the chief constituent of the fertile soil across which the cane fields stretch like a green sea.

The travellers give an interesting description of their inspection of a sugar mill, where they witnessed every operation from the time the cane was taken from the field until the finished product was sacked as raw sugar. They also visited the pineapple canneries, where this popular tropic fruit is prepared in immense quantities for shipment to the United States and use in the navy and homes of this country.

Former Ukiah Resident Dies in San Francisco

Mrs. J. A. Cooper, wife of the eminent jurist, died at her home in San Francisco January 26, aged 73 years.

She is survived by her husband; a son, Oscar Cooper; a daughter, Miss Ethel Cooper; and a grand daughter, Mrs. Jane Cooper Fleming.

The Coopers were prominent former residents of this city, where Mr. Cooper was engaged in the practice of law for more than 20 years.

He was located in the offices now occupied by Charles Kasch and was succeeded by McNab and Hirsch.

W. P. Thomas and Maurice Hirsch both studied law in his office.

It is reported that Mr. Cooper has been in failing health for the last few years.

Mr. and Mrs. W. P. Thomas were guests at the Cooper home some little time ago.

Mrs. Cooper was a sister to Mrs. Gavin McNab and to the first wife of John McNab.

Some Anxiety Felt For Steen Family

Ukiah relatives and friends of Mr. and Mrs. O. G. Steen and their two young sons, are being caused some uneasiness by conditions in the Orient.

Mr. Steen occupies a prominent executive position with the Dollar Steamship Company whose liners ply back and forth across the Pacific and the family resides in Shanghai.

In response to a telephone conversation which W. P. Thomas, father of Mrs. Steen, held with Harold Dollar of San Francisco, last Monday, the latter stated that conditions in China are already alarming and are constantly becoming more tense. A number of United States citizens filled with fear were planning to leave Shanghai on Tuesday and Wednesday of this week. However, Mr. Dollar asserted that he believes there is no immediate danger to Americans in the international settlement.

Knights Templar Install Officers

Ukiah Commandery, No. 33, Knights Templar, installed its officers for the ensuing year at the Masonic Temple last night with a large number of the knights and their ladies in attendance.

The ceremonies were preceded by a sumptuous banquet at 6:30 p. m.

The dinner will be served by a committee of Job's Daughters including the Misses Jean Thurston, Valberta Eversole, Martha Hansen, Ethel Anker, Francis McCowen, Clair Pauli, and others.

Eminent Sir Charles H. King, of Santa Rosa Commandery No. 14, Knights Templar, acted as installing officer and conducted the ritualistic work in a most impressive manner.

Walter Sandelin was installed eminent commander for a second term and other officers were seated as follows:

F. P. Savage, generalissimo; Hale McCowen, Jr., captain general; H. T. Harvey, senior warden; W. F. Davis, junior warden; A. D. Scott, treasurer; E. J. James, recorder.

Appointive officers are: William Bromley, prelate; Walter H. Higgins, sword bearer; Edgar W. Dutton, standard bearer; Arthur L. Harris, warder; William Finne, sentinel.

Mrs. Caroline Thomas, mother of Mrs. E. W. Dutton, has returned from Berkeley, where she was seriously ill with pneumonia during the holidays. Mrs. Thomas is greatly improved.

German Y. M. C. A. Secretary Speaker At Rotary Club

The Ukiah Rotary Club held one of the outstanding meetings of recent months in the Canton room of the Palace hotel Tuesday noon with F. A. Yates presiding.

C. M. Fulkerson, principal of the Ukiah union high school, was chairman of the day and presented a program of unusual interest.

A musical number consisting of a group of German songs rendered in the language of that country was highly appreciated.

Mr. Fulkerson introduced as the speaker of the meeting Mr. Gus Gedat, assistant general secretary of the Y. M. C. A. of Berlin, who addressed the club on the intricate and perplexing problems of present world conditions.

Mr. Gedat said that to understand present conditions in Germany it is necessary to project them in the mental picture against a background of former causes and events leading up to the resulting situation of today.

The old order represented a marvelous advance in education, art, science, and industry followed by the stress and strain of war and later the complete collapse of Germany's financial structure.

Many of the present estimates of the status of modern Germany published in current magazines are conclusions of people who have formed hasty and unreliable opinions based on a few days' visit within the borders of the stricken country.

The accusation has been made that the German people are extravagantly indulging in a spending debauch. The few who have an income know not what to do with it other than spend it as credits are so volatile they disappear immediately.

Germany abhors the dole but so many are in need that charity seems futile and such importunities meet with no response and the hungry must be fed by taxation.

Mr. Gedat cited an instance of a neighbor who owned a highly developed farm worth 100,000 marks, equivalent to $25,000. He sold his farm for 5,000,000 marks in 1914. The German currency was so depreciated that his five million marks would hardly carry a letter of remonstrance and complaint.

The general property owning public all fell victims to similar misfortunes.

The American dollar was the only money of real value and a single dollar had an almost unbelievable purchasing power.

The speaker related the experience of an American army officer in the army of occupation who used his monthly salary to purchase land along the Rhine and after his discharge retired to a beautiful chateau in Switzerland, where he lives on the income of his vast holdings in the Rhineland, all acquired with a year's salary.

This change in the ownership of property completely reversed society and left a stunned and bewildered people ready to doubt the permanence of any social or financial standard and filled with a feeling of fear and uncertainty.

The visitor from Europe said you bemoan America's army of unemployed and bread lines but by way of comparison you are enjoying good times and can not have an idea of the gravity of old world conditions.

In Germany there are 6,000,000 unemployed, many of whom have not had a day's work in six years. Not long ago, a want ad for a janitor was answered by 200 men, 100 of whom had college educations, with a large percentage of doctor's degrees. Recently 3,000 high school teachers in Berlin were discharged. Want is not confined to the undeucated.

It is not remarkable that the people would take a chance and welcome any change as they have nothing to lose and, perhaps, something to gain.

There are the bolshevists on one hand and the fascists on the other, both holding out hope. This influence is at work all over the world. At any moment, a leader may lift up his head right here, and a different situation confront you.

It is not impossible or even improbable that America may be faced with a Soviet union of Europe and eventually a Soviet world from Pacific to Atlantic.

The nations of Europe do not trust each other. England and France are traditional foes. Mussolini hates France. Germany and France can never agree so the fog of fear and doubt darkens.

Germany's internal debts were wiped out by the revaluation of money but an unsupportable burden of reparation hangs over them for 59 years. The people have no heart to pay this money, which is being used to develop and support a large standing army in France for the sole purpose of menacing Germany.

The more than $2,000,000,000 already paid by Germany has every cent been borrowed from America.

The world is looking for America to save the situation, not with money but with leadership, without which we are forever lost. We do not ask that Germany or any other nation be saved, but what we plead for is the salvation and preservation of western culture or modern civilization.

The present disarmament conference must be a success, for which the opportunity and the responsibility is America's.

America failed to take advantage of her opportunity for service in 1918 but in July, 1932, it will be presented to her again.

An understanding between the nations of Europe with co-operation under American leadership is the final scope for the survival of western culture. The question the world asks today is, "Will America furnish this leadership?"

Grothes Entertain Eureka Friends

Mr. and Mrs. Ira Thomas and three charming young daughters of Eureka spent the week end in this vicinity, where they were guests at the suburban home of Mr. and Mrs. Franz Grothe. The girls were here to attend the Epworth League convention, which was being held at the Federated Methodist church in this city.

Mr. Thomas is head engineer of the state highway from Willits to the Oregon line and the family reside in Eureka.

Miss Thomas was Miss Bessie Dashiell before her marriage and was born and raised in Potter valley, where she and Mrs. Grothe were childhood friends and schoolmates.

She is the youngest sister of J. J. Dashiell of Potter valley and R. E. Dashiell of Lake county and has many other relatives and friends in this section of the state, by whom the family is very cordially greeted on their occasional visits here.

Auxiliary Official At Arcata Meeting

Mrs. Ardis DeMotte, vice president Dist. I, American Legion Auxiliary, attended a meeting of that organization which was held in Arcata, last Saturday, with President Leah Williams of Crescent City in the chair.

The social feature consisted of a banquet at 6:30 p. m., after which the regular business was transacted.

Mrs. DeMotte served as secretary in the absence of the regular official.

Wednesday Club Play Bridge

Mrs. Orval Tadlock entertained the members of the Wednesday Bridge Club at a luncheon meeting at her home in west Clay street this week.

Mrs. Libby Sponagle and Mrs. Robert McGarvey substituted for absent members.

The high score awards were won by Mrs. McGarvey and Mrs. A. R. Thomas.

Miscellaneous Shower And Bridge Party

Miss Zelpha Kehoe gave a shower and bridge party at her home in Clara avenue Wednesday evening in compliment to her sister-in-law, Mrs. La Verne Kehoe, a bride of the past summer, who before her marriage was Miss Alberta Perkins of Chico.

Four tables of bridge formed the evening's diversion. The high score prizes were awarded to Miss Gertrude Ford and Mrs. Ruby Orr.

A dainty decorative scheme of delicate pink and blue prevailed throughout every attractive feature of the interesting affair.

The guest of honor was the recipient of many lovely gifts which were brought in a beautiful basinet artistically draped in pink and blue satin and ribbons and adorned with storks, the bird of promise.

Supper was served on trays decorated with rose colored carnations, which symbolized a roseate future.

Storks stalked over the trays as the suggestive place cards.

Among those who enjoyed the hospitality of Miss Kehoe were Betty Powell, Juanita Henrich, Ruby Orr, Avis Phillips, Mae Meek, Helen Brown, Mary Hopper, Lucille Hansen, Gertrude Ford, Ina Eversole, Dorothy Bruns, Nita Keller, Helen Bussman, Alice Mosna, Helen Young, Katy Mitchell, Lucille Brown, Alberta Kehoe, and Zelpha Kehoe.

Twenty-Thirty Club Plans Big Event

Robert O'Day presided at a lively meeting of the Ukiah Twenty-Thirty Club, which was held in the Canton room of the Palace hotel Wednesday evening.

Lynn LaPorte and Murdock Roeder were admitted to membership in the club and were in attendance at the meeting.

The speaker of the evening was C. S. Dumm, who has recently returned from a business trip to Los Angeles.

He addressed the club on the subject of business conditions in California as he interpreted them from his contacts with people and places on his itinerary through the state.

The club is planning a gala affair for the evening of February 27, further information of which will be given to the public through the press as the plans progress.

Parental Education Class Sponsored by P. T. A.

The large class enrolled in the course in parental education which is being sponsored by the Ukiah P. T. A. held its initial meeting at the high school last Tuesday evening at 7:30 p. m.

John Dale of the state department of education is the instructor and the work is taking the form of a seminar.

Instruction in parental education is being given throughout California and large classes are taking the course in the cities.

Mr. Dale is directing the work in the country.

A few fathers were present at the first meeting and others are planning to attend.

Part of the first period was devoted to an introductory lecture in which the instructor set forth the importance of the work and named and explained its purposes.

The second half of the period was devoted to the discussion by the parents of their goals or the things they desire for their children. In all 25 goals were listed which eventually resolve themselves into the seven cardinal principles of education.

The original intention was to form two classes, an afternoon class for parents of grammar school children and an evening class for parents of adolescents.

A sufficient number did not enroll for the afternoon class but it may yet be established. Information concerning this prospective class can be obtained by a telephone call to Mrs. I. M. Brazier.

The classes are free and open to the public.

The P. T. A. will hold a food sale at the Ward meat market on north State street next Saturday, beginning at 10 a. m.

Dishes demonstrating the efficient and economical way of feeting a family will be a feature of the sale. The printed recipes will, also, be offered for sale at small cost.

Legion Auxiliary Holds Meeting

The regular meeting of the Lewis White post, American Legion auxiliary, was held at the Veterans' memorial building last Wednesday evening, with Mrs. Anna Moynahan presiding.

Robert McCormick, the auxiliary's adopted war veteran from Yountville, was in attendance accompanied by a civil war veteran.

Plans were discussed for a colonial costume affair to be held on Wednesday evening, February 17, the date of the next social meeting.

The auxiliary is planning to unite with the American Legion in a celebration of the Washington bi-centennial on February 21, at which time two trees will be planted, and one dedicated to the father of his country and the other to their beloved Mother Prather.

The tree planting ceremony will be followed by a flag drill and speaking in the auditorium.

Mr. and Mrs. P. W. Poulos went to San Francisco Wednesday morning for a short stay.

Grange to Hold Meeting Tonight

Obituary of Lucinda Williams

The funeral services for the late Lucinda Williams was held at Anker's funeral parlor, Friday, Chaplain G. H. Jones officiating.

The deceased was born in Ohio, August 6, 1850, and died at Ukiah, Jan. 27, 1932. She came to California 63 years ago and to this valley about 1875. The family lived on a ranch at the south end of the valley for a great many years and about 30 years ago moved to Willits after her husband went blind. Three years ago she had to give up her home, due to the infirmities of old age, since which date she made her home with her daughter, Mrs. J. C. Christie, at Ukiah. For some months she had been helpless and the end has long been expected.

She leaves four children: Mrs. J. C. Christie, Ukiah; Mrs. W. S. Wosser, Mill Valley; George Williams, Armarilla, Texas; and Guy Williams, who is employed by the Standard Oil Co. and is now boring for oil on an island in the Persian gulf.

Chaplain Jones chose for his text: "Oh death, where is thy sting? Oh grave, where is thy victory?" And this recalled memories of the manifold virtues of the deceased. As an affectionate wife, kind and loving mother, good neighbor and friend, she had but few equals. We remember her years ago when she used to lead her aged and blind husband about town, and the other virtues above mentioned were common knowledge to all who had the pleasure of her acquaintance. She was a woman who sacrificed her entire life for her loved ones and friends and whose only thought was of them. It was this devotion that caused her sons to make frequent long trips from the most isolated portions of the earth to see their mother. When a son will make a special trip from Venzuela, island of Sumatra and Africa specially to see their mother it proves that there is much more than ordinary affection involved. All of her friends and acquaintances honored and respected "Grandma" Williams and after the choir had sung "Lead Kindly Light," and we took a last look at all that was mortal of the frail little body we could not help but think that her life had been a benediction.

G. P. Anderson received word last week of the passing of Brent A. Lindsay, for several years principal of the Ukiah high school, which occurred early in January at Los Angeles. Interment took place in the southern city January 6. It will be recalled Mr. Lindsay was very prominent in the work of the Ukiah Presbyterian church, where he was a member of the church choir. While teaching here Mr. Lindsay was wedded to Miss Mary Latie Henley, daughter of Judge and Mrs. Henley, of Illinois, who resided here a number of years while Judge Henley and his son, Edward Henley, Stanford graduate, were engaged in the practice of law. Mrs. Lindsay passed away several years later in Seattle.

PAY THREE MILLION ONE HUNDRED THIRTY-SIX THOUSAND THREE HUNDRED THIRTEEN AND 68/100 DOLLARS.
$3,136,313.68
TO THE ORDER OF
CHAS. G. JOHNSON, STATE TREASURER, SACRAMENTO, CALIFORNIA.
PACIFIC GAS AND ELECTRIC COMPANY
President
Assistant Secretary

California's treasury is $3,136,313.68 richer today. The Pacific Gas & Electric Company has just paid this amount to State Treasurer Charles G. Johnson with one of the largest checks ever received by the department. It covers the second installment of the utility's state taxes for the fiscal year ending June 30, 1931, and completes payment of a levy totaling $6,272,627.36. This sum, representing 7½ per cent of the company's gross receipts for the period, makes the P. G. & E. the second largest tax payer in California. The Southern Pacific Company alone overtops it. In addition to the state tax of $6,272,627.36, the Pacific Gas & Electric Company has paid more than $2,000,000 in other taxes, bringing the year's outlay for taxation to $8,459,415.98. Payments to the federal government for 1931 amounted to $1,678,672.31; various city and county taxes, totaled $442,516.54 and the state gasoline tax took $62,386 more. The balance was made up of miscellaneous levies. This total of $8,459,415.98 represents more than 10 per cent of the company's gross revenue during the year. Its payment, utility officials pointed out to State Treasury Johnson, means all proceeds of the P. G. & E. operations for one day out of every 10, or for close to six weeks out of the year, go exclusively for taxes. As an indication of the size of the sum just paid to the state, Treasurer Johnson stated it would, even if California had no other revenue, be sufficient to finance many of the state activities. It would pay salaries and running expenses of both houses of the Legislature, State Supreme Court, District Court of Appeal, State-County Superior Courts (state contribution), Department of Penology, all state prisons and correctional schools, state institutions for women, narcotic enforcement and crime detection. In addition, it would defray all expenses of the offices of governor, lieutenant governor, state treasurer, secretary of state, franchise tax commissioner, state board of equalization and the department of public health. In fact, after providing for all of these, the payment would still leave a substantial amount for other expenditures.

Republican Press to Purchase Fine Press

A telegram was received Monday by A. R. O'Brien of the Ukiah Republican Press from the Goss printing press company, Chicago, advising him that the new two-color perfecting press, which is to be installed in The Republican Press plant to replace the defective press sold Mr. O'Brien by Harry Lutgens, of The San Rafael Independent, about a year ago, was being shipped out of Chicago Tuesday night.

It will take seven days for the car with the press to reach Ukiah and a week's time will be required to erect the press. An erector from the company will come to Ukiah to install the machine.

It is hoped it will be necessary to use the present press but one more issue after this week. It will then be dismantled and stored pending the trial of a damage suit which will be filed by O'Brien against Lutgens and The Independent Publishing Co. if a settlement is not reached in the meantime.

ATTEND FUNERAL HERE

Al Malpas, former resident of Ukiah, accompanied by Sam Ray, motored up from San Francisco Monday to attend the funeral of James Stitt, who was buried on that day. They returned in the evening. Mr. and Mrs. Ray are living in the bay region for an indefinite time. Malpas is the owner of the Ramona hotel. He was formerly the proprietor of the Cecille hotel in this city.

Work Is Renewed at Point Arena Oil Well

Ewe Has Quadruplets. Fishermen Lost All Night in Alder Creek Wilds.

POINT ARENA, Feb. 2. — Henry Christiansen came up from San Francisco Saturday in response to a message his mother, Mrs. Karen Christiansen, was suffering with pneumonia. Since that time Mrs. Christiansen has been quite low and slight hope is entertained for her recovery.

Visited Father.

Peter Hoffman, of Mountain View, got a surprise visit from his son and daughter last week-end. His son is captain of the steamer Fitzsimmons and, it being on the drydock a few days, Capt. Hoffman and his sister availed themselves of the opportunity to come up and pay their father a visit.

Little Girl Sick.

Bettie Jeanne, the four-year-old daughter of Mr. and Mrs. Conrad Dahl, was taken to San Francisco early last week to get medical aid for an abscessed arm.

Word received from Tiny McMillan and Curley Wattenburger, who are in Tennessee, conveys the information times are tougher there than in Mendocino county.

Had Four Lambs.

A ewe on the John Moungovan ranch, on Garcia river, this year gave birth to quadruplets. Only two of them lived, however, which is enough as there is an overproduction of lambs as it is.

To Resume Operations.

Tom Pugh, superintendent of the Twin State Oil Co. here, arrived early last week from the east and immediately started work again at the oil well. Only one shift will be put to work as they can work to better advantage in the day time. The gas pressure in the well has gradually risen since the well shut down some two months ago and now shows about 400 pounds pressure.

May Shoot It.

Since renewing operations the crew has been engaged in cleaning out the well and swabbing in an endeavor to bring the well in. It is rumored, as a last resort, a charge of nitro-glycerine will be shot in the well in a final endeavor to loosen things up. Floyd Davison, one of the old drillers, was called back and is in charge of operations at the well.

Had Dinner Guests.

Last Sunday evening Mr. and Mrs. Ralph Pennock entertained the rest of the faculty of the high school and their better halves at dinner. Those present, besides Mr. and Mrs. Pennock, were Mr. and Mrs. Leland Drew, Mr. and Mrs. John Ornbaun and Mr. and Mrs. Ralph McMillen.

Assistant Farm Advisor R. D. Foot was in Point Arena from Ukiah Thursday on business connected with his office.

To Operate Cafe.

Heinie Bigall has his lunch room all fixed up and is in the restaurant and lunch business under full steam. Miss Ida Mazzotta has charge of that end of the business while Heinie looks after the bakery.

Jack Haskell is back in his barber shop after several weeks passed on the place he recently purchased from Mrs. John Piper at Schooner Gulch.

Bill Sandkulla has opened a carpenter shop in the Neil McCallum barn on lower Main street where he is equipped to make boats, furniture and cabinet work of all descriptions.

Played Basketball.

The basketball teams of the local high school went to Boonville Friday night and played the team of that high school. The scores were as follows: A team—Boonville 6, Point Arena 36; girls team—Boonville 37, Point Arena 30.

Pair Got Lost.

Monday afternoon Rev. Edw. Dabritz, Martin Smith and Henry Frank started for the falls of Alder creek to catch some steelhead. It began getting dark before they reached their destination so they turned back. Fearing to follow the creek in the darkness they went up on the sidehill and it finally got so dark they couldn't find their way so they built a fire and stayed there all night. Their families were worried when they failed to return at night but quite early Tuesday morning the fishermen returned none the worse for the night's outing.

Mr. and Mrs. Geo Sorenson, of Oakland, came up Thursday for a few days' visit with relatives.

Tom Haliday has put in a septic tank on his ranch southeast of town.

Next Sunday morning the sermon subject will be "Bringing Christ Near." In the evening we will have the third of the series, "How We Got Our Bible." There will be special music.

Mid-week service, Wednesday evening, 7:45.

We want you to come.

The column of heights gives the elevation of each tide above or below the level of the Coast Survey chart soundings. The numbers are always additive to the chart depth.

The data is practically the same for Point Arena Light, Navarro River Entrance, Little River Harbor, Mendocino Bay and Fort Bragg Landing. For Westport subtract 5 minutes from the time and for Shelter Cove add 0.8 ft. to high tide.

REPUBLICANS IN REVOLT

That the rank and file of the Republican party in California is in revolt against Hoover is indicated by the big change in party registration. Formerly the ratio was about four and a half Republicans to one Democrat. Now it has been reduced to about two and a half or three to one, and as registration advances appears to be declining still further.

* * * * *

Evidently there is to be only one set of delegates on the Republican ballot in California—that pledged to Hoover. The Republican state central committee is very frank in saying that it is behind Hoover and it is using every effort to send a solid Hoover delegation from California to the national convention. The same thing is going on all over the country. There is no other outstanding Republican in the party who has the intestinal fortitude to try conclusions with the president for the party nomination, although there is considerable murmuring among the former "Bull Moose" contingent. Everyone but Hoover has been crowded out of the running by the "higher ups" in the party councils.

* * * * *

Everything has been cut and dried. According to Mark Requa, Republican national committeeman for California, all the Republican voters will have to do at the primary is to ratify the selection that has been made for them by the federal appointees and office holders and the "higher-ups" of the party. If they do not care to do this way may go hang. The rank and file of the party are to have no voice in the selection of their candidate. That has already been attended to for them.

No wonder they are in revolt.

* * * * *

Among the Democrats things are vastly different. There are plenty of candidates. There will likely be at least two sets of delegates on the party ballot in this state and maybe three or four. Everybody in the party will have a chance to express his preference and even if his man does not win the voter will at least have had the satisfaction of speaking for himself. The majority, not the bosses, will rule.

* * * * *

The falling away in Republican registrations is a sign of a sick party. A dose of Hoover crammed down its throat is not going to make the patient well. On the contrary it is likely to act as an emetic and make him sicker.

* * * * *

It is probable that those Republicans who are deserting the party are making a mistake, for they are eliminating themselves from what promises to be a regular knock-down-and-drag-out fight over the senatorial nomination in the August primaries. The Republican nomination is tantamount to election in this state and every Republican should stay in the party and take part in that primary.

Then, if they do not want Hoover, they can vote the Democratic ticket at the November election.

REDWOOD VALLEY

REDWOOD VALLEY, Feb. 3.—Miss Lily Gherlone was united in marriage to Pete Rovera in a civil ceremony performed by Judge M. H. Iversen Saturday afternoon. A church wedding followed Sunday morning, with Father Carroll of the Catholic church officiating.

A sumptuous wedding dinner was served at the beautiful Gherlone home with the family and relatives present. In the afternoon and evening there was a reception and dance in honor of the bride and groom. Some 150 friends were present to pay their respects. Among the number was Judge M. H. Iversen and Attorney Keith Eversole of Ukiah.

Among the out-of-town folks present were friends from Santa Rosa, and Mrs. Ida Robbiano, the bride's sister, and her husband from Richmond.

The newlyweds are happily settled in their home near Calpella.

Mr. Robbiano returned to Richmond the first of the week but Mrs. Robbiano remained for several days' visit with her parents. She wished it would snow shortly after her arrival here, as she had never seen a snowstorm, and sure enough her wish was gratified with Sunday night's fall and Monday morning she looked out on a new world.

The snow Monday morning measured about five inches in the valley. It was deeper at the base of the mountains. This is the fourth fall of about the same depth this winter, with three additional light falls. Matt Niemi reports seven inches at his ranch, and Walter Thompson 10 inches at Ridgewood.

A. Bom and sons have added a lovely living room to their residence.

The Pacific Gas and Electric company have extended their power a half mile from the Gus Page place to the Shoenleitner place. "Juice" will be available to several parties as the result of this extension.

Herman Fischer and family moved to Scotts valley, near Lakeport, last week. Herman will be employed on the ranch of his brother-in-law, Oscar Sanford.

Mr. and Mrs. D. J. Perkins left Tuesday morning for their new home near Fort Bragg. William Carter took their household goods over in a truck. We regret to see these good people leave our neighborhood, but wish them every success in their new home.

The Ladies' Aid meets Thursday afternoon, with Mrs. J. D. Bransom and Mrs. T. Jameson entertaining.

Miss L. Kistler has been confined to her home several days with a severe cold.

The Grange met last Friday at a well attended meeting. Several visitors from the Ukiah Grange were present. Six tables of bridge were played. Ted Richey won first prize and A. O. Boyd, second prize. Refreshments of sandwiches and coffee were served.

Mrs. Myrtle Wade was a visitor in the valley Monday.

Mr. and Mrs. Henry Winsby, of Scotts valley, were callers at Mrs. Roy Ford's and other relatives last Sunday.

The farm bureau will meet at the school house Tuesday night. The program will include a short talk by J. C. Johnson, a discussion of the 1932 agricultural outlook; of grape diseases.

Mrs. J. D. Bransom will contribute a vocal solo, and there will be other social numbers by local talent. Also, probably a movie.

Mr. and Mrs. H. L. Davis have moved into the cottage recently vacated by the Herman Fischer family.

Mr. and Mrs. C. M. Goudge gave a party to a number of friends Tuesday night. A pleasant time is reported.

Mrs. Nels Nelson and son, Walter, and niece, Phyllis Jordan, motored to Santa Rosa Tuesday where Walter will take an examination for his entry into the United States navy. Returning home Mrs. Nelson will visit at Glen Ellen with her two sisters, Mrs. Jordan and Mrs. Patton.

Chas. Lynes' Death Mourned by Scores

The death of Charles Lynes Monday evening of last week at Orrs Hot Springs brought grief to scores of his friends and acquaintances throughout California, who became acquainted with him while staying at the resort. He was familiarly known to them as "Uncle Charlie," and had been living at the resort for over 30 years, being a close friend of Mr. and Mrs. Fred Weger, who own the place. He was a native of England.

During the period of his life that he spent at the resort he had charge of the baths and each year made many new friends by his consideration for the patrons.

Reverend Warren Bonner, of the Methodist church, officiated at the funeral, which was held from the Eversole mortuary, Thursday afternoon of last week. Many beautiful floral pieces were presented as tokens of the esteem in which he was held. The funeral was one of the largest in Ukiah for several years.

REGISTERED AT CECILLE

Cecille on guests on Friday were A. T. Bernatt and Ed McMillan, of Point Arena; and S. P. Sullivan, of the Pacific telephone and telegraph company. On Sunday, J. F. Laux, of the Northwestern Pacific railroad, was registered.

LOCALS

Mr. and Mrs. H. W. Porter, of Sacramento, were registered at the Cecille hotel Tuesday, while visiting friends in Ukiah.

Claude Woodward, well known Scotts Valley farmer, was here last week with his sister, Mrs. Alfred Moller and Mr. Moller, who were returning to Petaluma following a week end visit to the Woodward ranch.

Men of Learning Admit Letting Minds Wander

The long line of absent-minded professors is headed historically by Archimedes. When he leaped from his bath and galloped through the streets of Syracuse waving a towel and shouting "Eureka!" the citizens were astonished. Doubtless they put him down as a bit balmy, but the world had just become aware of specific gravity.

Professors of our own day are no different, we learn from a report based on 200 questionnaires, presented before the American Chemical society convention at Indianapolis. The savants like to let their minds run along unhitched, they say, using their reflexes to carry on the dull little chores of life, such as shaving, dressing, crossing the street or driving a car. So the professor who drops his students' themes in the mail box and distributes his wife's letters to the class isn't mentally deficient—he is merely in the throes of divine afflatus. One contributor to the symposium testified that he was enabled to revolutionize pipe line coils by an inspiration that came upon him one Sunday in church, just as the pastor announced the text. Another confesses he is likely to take innumerable baths while wrestling with a knotty problem.

Rather than fighting absent-mindedness as an embarrassing trait, the professors admit that they cultivate it. The admission, however, in no way diminishes the mirth afforded by abstracted pedagogues to less erudite citizens who mobilize all their brain cells for every action and are never guilty of a faux pas or startled by an inspiration.—St. Louis Post-Dispatch.

Menu Puzzle

One of the crew of a big liner chanced to pick up a menu card, and, seeing at the top "Table d'hote," turned to his pal and inquired:

"What does this 'ere mean, Joe?"

"Well," said Joe, "it's like this 'ere. Them swells in the salon have some soup, a bit of fish, a bit of this, a bit of that, and a bit of summat else, and call it 'table dottie.' We have 'table dottie,' only we mixes it all together and calls it Irish stew!"—London Answers.

Tiny Photograph

The smallest photograph in the world, so tiny as to be invisible to the naked eye, was recently on "exhibition" at the Royal Photographic society in London. In the center of a little piece of glass is a minute circle; in the middle of the circle is an infinitesimal speck, which is hidden to the naked eye. Under a microscope, however, one sees a photo of Niepce, one of the inventors of photography, taken by Professor Goldberg.
